We're all about campervan adventures!

Darwin to Perth via Broome Campervan Holiday

18 July to 13 August 2011

Explore the rugged landscape of North Western Australia and picturesque National Parks as we make our way to Broome, before exploring the stunning coastline of Western Australia on our way to Perth on this 27 day adventure.

Highlights

- World Heritage listed Kakadu National Park and Litchfield National Park
- Katherine and the Nitmiluk Gorge
- Gregory National Park and Lake Argyle
- 4WD full day tour of the Bungle Bungles
- Geike Gorge National Park
- Seaplane to the Horizontal Waterfall, jet boat trip through the falls, and cruise in the area
- Sunset Camel Ride at Cable Beach, Broome
- Season for wildflowers in Western Australia
- Ningaloo Reef
- Kalbarri National Park and spectacular costal scenery

On Tour

Our aim is to provide you with a great mix of adventure, the outdoors, sightseeing, relaxing and socialising.

During the escorted tours, we'll enjoy a mixture of freedom camping and staying in commercial campgrounds with full facilities. Freedom camps are often in beautiful locations and can provide more flexibility like allowing camp fires which always makes for a memorable evening.

While many freedom camps don't have full facilities, you'll have your own toilet/shower on tour for your comfort. By mixing it up with the full facility campgrounds, your adventure will have the best of both worlds!

While on tour, during the day you are free to explore on your own, in small groups or tag along with us. We'll make sure you know how to find the areas and activities that are matched with your interests, and we'll be keeping in contact with UHF radios. Every evening the group will catch up at the night's destination and share tales of the days adventure at 'happy hour' which could be around the camp fire, or overlooking a beautiful vista.

What's included?

The price for this tour per person, based on twin share is **AUD \$6270***

We're all about campervan adventures!

Tour Overview

After collecting our vehicles and homes for the next 27 days from Darwin, we explore two spectacular National Parks. **Litchfield National Park** and the world heritage listed **Kakadu National Park**. You won't be disappointed as we explore the parks, learning about the culture and history, as well as the amazing geological formations and wildlife.

Katherine is up next and the beautiful **Nitmiluk Gorge**. There are plenty of optional activities here for you to experience the gorges – canoes, boat rides, bush walks, photography and of course swimming.

Our journey then heads west as we make our way into **Western Australia** travelling through **Gregory National Park** where the red centre meets the green of the Top End.

We'll have a look at **Lake Argyle**, which is a vast freshwater lake nestled amongst a rugged billion year old landscape. Lake Argyle is Australia's largest body of freshwater covering over 900 square kilometres at normal full supply level with a flood capacity in excess of 2000 square kilometres.

We enter the Kimberley Region before heading to our next highlight - the **Bungle Bungles**. Enjoy a 4WD full day tour as we explore this spectacular landscape - you won't be disappointed!

We continue our exploration of the Kimberley's at **Geikie Gorge National Park** on our way to Derby. This is where we board our **seaplane** and really experience the **Kimberley's** for approx half a day, depending on tides. We take a seaplane to the **Horizontal Waterfall** and travel through the falls in a Jet Boat. We then relax as we cruise through the spectacular untouched scenery of the Kimberley's, while hearing more about the flora, fauna and history of the region. There will also be the opportunity for fishing, with gear supplied and swimming in a 'croc free' water hole.

Still buzzing, we're off to stunning **Broome**. We'll enjoy a sunset camel trek along the famous **Cable Beach** as we soak up the atmosphere of this resort town.

The coastline and crystal clear waters of **Western Australia** really are quite spectacular as we make our way south to Perth. We will be travelling when the **wildflowers** should be in bloom, so fingers crossed for a magical display.

We'll experience **Ningaloo Reef**, Australia's only fringing reef. It differs from others as it starts right at the water's edge, where you can see both fish and coral.

Continuing south we'll spend time in **Kalbarri National Park**, amongst other parks as we explore the spectacular coastline on our way to **Perth**.

The tour will conclude early afternoon in **Perth** on Saturday, to allow enough time to return the vehicles, and assist with your onward travel plans.

If you need help booking accommodation in Perth, we'd be happy to assist.

If you are interested in more information or would like to book this tour please contact us.
